

Name _____

Sci# _____

Answer the following questions. Answers can be found in notes or pages 68-73.

1) What is an exothermic reaction?

2) What is an endothermic reaction?

3) What is a change of state?

State whether the following reactions are **Exothermic** or **Endothermic**.

Reaction	Starting state	Ending state	Exothermic or Endothermic
Melting	Solid	Liquid	Endothermic
Freezing			
vaporization			
condensation			
sublimation
